### Sunday

1:30 PM: Secret of the Cardboard Rocket

2:30 PM: Infinity Express

3:30 PM: Two Small Pieces of Glass

**Secret of the Cardboard Rocket:** Join two kids on a magical journey through the Solar System, aided by a talking astronomy book, a cardboard rocket, and a vivid imagination. **This show is great for children!**

**Two Small Pieces of Glass:** Follow two students as they interact with an astronomer. Along the way the students learn how telescopes work, the history of telescopes, and major discoveries made by these instruments.

**Extreme Planets:** Imagine a world of molten rock, breaking against a pitch black shoreline of molten lava...Imagine a world under a madly spinning burned out star...Take an immersive tour of several exotic worlds that aren't just science fiction anymore.

**Oasis in Space:** Be transported on a startling and beautiful voyage through our universe, galaxy and solar system in search of liquid water - a key ingredient for life on Earth.

**Infinity Express:** Travel through our solar system toward deep space; far beyond our own Milky Way galaxy. This show dramatically communicates the latest breakthroughs in our quest to understand the universe..

Notice: Shows are subject to change. Seating is for 110. Admission and seating is on the basis of first-come, first-served. Seating may not be available for all showings.
